NOW AVAILABLE

ARCHITECTURAL CASEMENT WINDOWS

FEN-TECH, Inc. a Superior, Wisconsin based manufacturer of feature products to the window and door industry, introduces the addition of Architectural Casement Windows.

Architectural Casement Windows from FEN-TECH offers a wide range of styles and patterns for builders to enhance new homes or individual rooms.

Key features of these products include TRUTH E-GARD coated hardware, stainless steel tamperproof hinging, multipoint locking systems and a variety of glazing options which include tinted, single or thermo pane, and specialty laminated products for coastal applications. Heavy-duty extruded aluminum screens are also available.

Designed for either new construction or replacement, these products are also available with nail-fin, stucco returns, or attractive brickmold options.

For more information contact Matthew Mirau, Botanica Garden Door, Division of FEN-TECH, Inc., 1510 North 5th Street, Superior, Wisconsin 54880.
